UK (England)	The Society for the Protection of Ancient Buildings (SPAB)	½ day to 6 days	Various technical courses, 4-6 days courses and a summer school	For Architects, Surveyors and anyone actively employed in building conservation	The object of the course is to illustrate by lectures and practical examples the manner in which the conservative repair of old buildings can be achieved. The methods demonstrated include those evolved and proved by the Society over almost 130 years. The lecturers are all practising architects or other experts with long experience of this type of work.	<a href="http://www.spab.org.uk">http://www.spab.org.uk</a>  The Society for the Protection of Ancient Buildings 37 Spital Square London E1 6DY  Tel: 020 7377 1644 Fax: 020 7247 5296 Email: <a href="mailto:info@spab.org.uk">info@spab.org.uk</a>  ICOMOS NZ Contact:
UK (Scotland)	Historic Scotland	2 years	Research fellowship	<p>Fellows will be dictated on a project by project basis but they are likely to have some experience of research at postgraduate level.</p> <p>Interns will have some specialist knowledge appropriate to the discipline on which to conduct an active piece of research. Studentships will also require appropriate discipline - specific learning.</p>	<p>Research fellowships are aimed at undertaking research projects in a mentored situation to provide a beneficial learning experience, whilst undertaking work which is in itself valuable to the built heritage. The Fellow will normally be awarded a grant to undertake a specific task or subset of tasks against a common theme.</p> <p>Research Internships/Studentships  These studentships are mentored by the Technical Conservation Group Conservation Centre in the specialist conservation field, focusing on stone, paint and in the preventative conservation – science fields, often with an external academic partner.</p>	<a href="http://www.historic-scotland.gov.uk">http://www.historic-scotland.gov.uk</a>  Historic Scotland Longmore House Salisbury Place Edinburgh EH9 1SH.
